

"...These retreats into the secret chamber of the heart will not be published, will not be shared outside of our university of the Spirit sponsored by Gautama. For the delicate energies experienced within the secret ray chamber may only be given within that university experience where the forcefield is set for the essential transfer of light."

THE PATH OF THE BODHISATTVA

The path of the Bodhisattva is the path of love, of laying down one's life for one's friends. It is the path of the Christed ones who willingly bear the burden of a wayward humanity –the path of the unascended masters of the Himalayas, ageless saints who radiate light into this world. It is the path of ascended masters who choose to remain with earth to teach and help its evolutions, and the path of those on earth who desire to follow in their footsteps.

If the bodhisattva calling resonates within the depths of your soul, come and learn about the steps, the pitfalls and the joys of this extraordinary path! Here's what's waiting for you:

- In-depth exploration of the ten stages of the path of the bodhisattva
- Charting the path of the bodhisattva on the Cosmic Clock
- How the five secret rays test the heart of the bodhisattva-to-be
- Teachings on the 33 manifestations of Kuan Yin and the 33 initiations that lead to the ascension
- Enlightening case studies of the lives of Kuan Yin and Merlin the Magician
- Profound dictations by Lord Maitreya, Gautama Buddha, Kuan Yin, and the unascended masters of the Himalayas.
- Meditations, exercises and reflections to help you determine your own positioning on the Bodhisattva path

Whether you have newly stepped on the spiritual path or followed it for years, these teachings will help you chart your course to the ultimate goal of your life!
